## MEMORANDUM FOR THE SPECIAL GROUP (AUGMENTED)

From: Brig. Gen. Lansdale *2A*

Subject: Action Proposals, Mongoose

At your 4 October meeting, it was your desire that Mongoose be stepped up. The Operational Representatives were so tasked, promptly, and we can expect a series of proposals in the near future (with sabotage given priority attention).

Previously released

The Operational Representatives have discussed the three attached proposals thoroughly and they reflect a consensus of our operational views. I believe the proposals are realistic and doable, and thus recommend early approval.
